Howard, I have not sent it to the Pre-RD. Part of the conversation I had with Scott was to send it when Scott is back next week. My plan was to send them by the end of the week.

Thanks,

Hi Davis,  
We are tracking the status of the sediment coring HASP and revised FSP. Did this got go PreRD or get a response from them yet?

Thanks  
Howard

Hi Davis.

We added a comment to address Sean's request to add a comment that the Pre-RD Group needs to accommodate NW Natural/Siltronics representatives to oversee logging of cores collected offshore of their properties (TBC Comment #9). I updated the message below to reflect this added comment.
